- 2 artists on tour: Yolaine Doods/Rosa Tyyskä and Jarno Vanthuyne/Jasper D'Hondt
- catering: 2 vegetarians, no allergies
- hotel: 2 x single room
- transport: 1 vehicle with trailer
- safe parking for 1 vehicle (L: 5m50, H: 2m70) and trailer (L: 3m, H: 1m50) to be provided
- secured dressing room
- sufficient drinking water available

### Show

- duration: 20 minutes
- all ages
- 360 ° audience
- capacity: no limit, depending on visibility
- performance area: 6m x 6m
- free height above the playing surface: min. 4 m
- vehicle access for loading and unloading in proximity of the performance area
- build up time: 45 minutes, tear down time: 30 minutes. Build up takes place at least 1h30 before show time
- minimum 1 person for crowd control during the show
- place to warm up backstage

### Show times

- maximum 2 shows per day with at least 1h between the shows. No tear down in between shows on the same day.
- to avoid problems, always communicate show times as soon as possible to the company.

### Weather conditions

- it's not possible to execute the show when it's raining or when the playing area and material is wet due to rain or condensation (possible on days when the temperature drops underneath the dew point before or during show time!)
- it's not possible to execute the show with extreme wind or heat (ex. in case of heatwave).

## Sound

- we provide the sound system (setup adapted for 360 ° audience)
- 220v 16A at the performance are to be provided by the organizer
